Resolved, That the phrase "medical college or institution in good standing," in the first paragraph of section 2, of the Act to Regulate the Practice of Medicine in the State of Illinois, in force July 1, 1899, is hereby defined to include only legally organized, properly conducted medical institutions, having a sufficient and competent corps of instructors, and ample facilities for teaching, dissections, ambulatory and hospital clinics, which conform to the requirements relative to the preliminary education of matriculates, the course and period of study, the number, character and length of lecture terms, the duration of attendance on hospital and clinical instruction, which obtain in the majority of medical colleges in the United States.

Resolved, That the Illinois State board of Health will not consider in good standing after January 1, 1900, any medical institution which does not require of all students (except graduates of reputable colleges of Arts and Sciences, or of reputable colleges of Dentistry, Pharmacy or Veterinary Medicine, to whom one year's advance standing may be granted), as a condition of graduation, an attendance of four full courses of lectures of at least six months each, in four separate years, no two courses commencing or ending in the same calendar year of time.

Resolved, That no medical college issuing a catalogue or announcement in which are contained misrepresentations respecting its teaching, clinical or hospital facilities, its faculty or its courses of study, or false representations as to the number of students matriculated or in attendance, will be regarded as in good standing.

RESOLUTIONS CONCERNING THE RECOGNITION OF MEDICAL COLLEGES IN ILLINOIS, ADOPTED JULY 11, 1899.

Whereas, Section 2, of an Act to Regulate the Practice of Medicine in the State of Illinois, and to repeal an act named therein, approved April 24, 1899, in force July 1, 1899, gives the State board of health discretionary power as to granting certificates without examination to graduates of legally chartered medical colleges in Illinois in good standing as may be determined by the board; and,

Whereas, It is evident, notwithstanding the discretionary power granted to the board, that the true intent and purpose of this act is to require all persons to prove their qualifications to the State board of health by passing an examination; therefore, be it

Resolved, That all applicants for a State Certificate to practice medicine and surgery in the State of Illinois, who are graduates of medical colleges in good standing as may be determined by this board, shall, before receiving a certificate, be obliged to pass an examination such as contemplated in section 2, of an Act to Regulate the Practice of Medicine in the State of Illinois, in force July 1, 1899.

RECTAL DISEASES.

PILES

One physician in every county should be instructed in the most successful Rectal treatment in the world. It insures great enlargement of practice through the unlimited gratitude of patients, and the most desirable financial advantages.

The Marion-Sims Hospital

438 La Salle Avenue, CHICAGO, ILL.

Long Distance Telephone 737 North.

A High-class Private Hospital for the reception of Gynecological cases and for abdominal Surgery. Centrally located in one of the best residence districts of the city, this institution offers accommodations which are superior in every respect and combine the comforts and luxuries of the home with the strict appointments of modern sanitary science.

The apartments are light and well ventilated, heated by an improved hot water system. Hardwood floors throughout. Furnishings elegant and appropriate. Trained nurses of superior skill are in charge of the patients and the diet is the best.

The operating rooms are specially fitted with all modern appliances for aseptic surgery.

A competent physician is in attendance at all hours.

RECTAL DISEASES.

PILES

One physician in every county should be instructed in the most successful Rectal treatment in the world. It insures great enlargement of practice through the unlimited gratitude of patients, and the most desirable financial advantages.

The postoffice address is shown in DISPLAY TYPE, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 131 to 179) indicates the college of graduation, and the last number the year in which diploma was granted.

Dear Doctor:--What would you prescribe for my case?

The postoffice address is shown in **DISPLAY TYPE**, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 131 to 172) indicates the college of graduation, and the last number the year in which diploma was granted.

PILES

One physician in every county should be instructed in the most successful Rectal treatment in the world. It insures great enlargement of practice through the unlimited gratitude of patients, and the most desirable financial advantages.

The postoffice address is shown in **DISPLAY TYPE**, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 131 to 172) indicates the college of graduation, and the last number the year in which diploma was granted.

RECTAL DISEASES.

PILES

One physician in every county should be instructed in the most successful Rectal treatment in the world. It insures great enlargement of practice through the unlimited gratitude of patients, and the most desirable financial advantages.

INDIAN TERRITORY.

Population, 391,960.

(U. S. Census of 1900.)

Number of Physicians, 812.

The Territory is bounded on the north by Oklahoma Territory, on the south
 by Texas, on the east by Arkansas, and on the west by Texas, and comprises an
 area of 29,961 square miles, or 19,175,000 acres. It forms part of that vast inclined
 plane which slopes gradually down from the base of the Rockies to the Mississippi
 river. The valleys of the rivers in the eastern portion are fertile. The Arkansas,
 Red and Canadian rivers, with their tributaries, drain the Territory. The climate
 is warm and dry, the southeastern being the hottest and the northwestern the
 coldest portions; the mean annual temperature in the former is 60 degrees and the
 latter 55 degrees. The mean average rainfall is 31.2 inches.

MEDICAL LAWS OF THE CHEROKEE NATION.

Section 741. The principal chiefs shall appoint in each supreme judicial district, three reputable physicians, citizens of the Cherokee Nation, graduates of a regular school of medicine, to constitute a board of medical examiners for said district, and to grant licenses to such applicants as may present to him, from one of these boards, or board of appeal, hereinafter provided for, a certificate of satisfactory examination.

Sec. 742. One member elected from each of these three boards shall jointly constitute a board of appeals, also a board of health, with advisory powers. The term of office of the members of said boards shall be four years, or until their successors are appointed.

Sec. 743. It shall be the duty of the said district boards to hold a regular meeting at stated intervals of not less than 90 days; provided that when there is no applicant for examination it will not be necessary for the board to convene. The board of appeals shall be convened upon a call of the president, or the request of two of its members.

Sec. 744. The board shall keep a record of all examinations, which shall be conducted in writing, and after each meeting published in at least one newspaper of the Cherokee Nation the names of successful applicants for license.

Sec. 745. The compensation to members of the district board shall not exceed \$10 (U. S. currency), and shall be collected from the applicant. The board of appeals shall be entitled to a fee of \$25, in examinations on appeals.

Sec. 746. All persons not holding license to practice medicine in the Cherokee Nation, by virtue of having been examined by the legally constituted medical board of the same, shall be subject to the operation of this law, whether he or she be a Cherokee citizen or not, and, before engaging in the practice of medicine in the said Nation, shall secure a license as hereinafter provided; provided that this act shall not be construed as applying to persons who have been continually engaged in the practice of medicine in the Nation for 10 years next preceding its passage, nor to medicine, nor to domestic medication, nor to enchantment in any form; provided, no license to practice shall be issued to any person not a graduate from some medical school of reputable standing.

Sec. 747. No rejected candidates shall be entitled to re-examination by any board other than the rejecting one, until after the lapse of three months, after which time he shall be entitled to a re-examination by the board of appeals, upon payment of a fee not to exceed \$25, upon whose certificate he or she shall be entitled to a license to practice medicine within the Cherokee Nation.

Sec. 748. Any person practicing medicine in violation of this act shall, upon conviction thereof, if a citizen of the Cherokee Nation, be fined in the sum of \$100, and in default of the payment of the same shall be confined in the national prison at the rate of \$1 per day until paid, or if not a Cherokee citizen shall be removed from the country, as provided by law for intruders.

Sec. 749. Any itinerant vendor of any drug, nostrum, ointment or appliance of any kind, intended for the treatment of disease or of an injury, or who shall by writing or printing or any other method publicly profess to cure or treat diseases, injuries or deformities by any drug, nostrum, manipulation or other expedient, for a consideration, shall pay to the Cherokee Nation a license of \$50 a month, to be collected as provided by law, as all other licenses are now collected, and any body violating the provisions of this act shall be deemed guilty of a misdemeanor, and, if a citizen of the Cherokee Nation, upon conviction thereof, be fined \$200, or in default of payment be confined in the national jail for a term not exceeding six months. Any person not a citizen of the Cherokee Nation violating the provisions of this section shall be arrested and turned over to the Indian agent for expulsion from the Cherokee Nation.

Sec. 750. It shall be the duty of the national officers to prosecute all violations of this act, as provided for other misdemeanors. (Dec. 6th 1890.)

CHOCTAW NATION.

AN ACT AMENDING THE MEDICAL LAW AND DEFINING THE DUTIES OF THE BOARD OF HEALTH.

Be it Enacted by the General Council of the Choctaw Nation Assembled:

Section 1. That the present medical law be, and the same is hereby, changed and amended to read as follows: The principal chief of the Choctaw Nation is hereby authorized and required to appoint a board of health, to consist of three persons, citizens of the Choctaw Nation, whose term of office shall be four years, who shall be regular graduates of some well known medical college, and residents of said Nation, whose duty it shall be to act as a board of medical examiners, and to have in addition all the powers and authority usually delegated to a board of health, and which is more especially hereinafter defined.

Sec. 2. The board of health shall elect annually from their number a president, vice-president and secretary. The president shall have general supervision over the work of said board of health, and, in this capacity, shall be recognized as the health officer of the Choctaw Nation; and all matters pertaining to the public health shall be regulated and carried out under his direction and supervision.

The vice-president shall act instead of the president when for any reason the latter is unable to attend to his duties.

The secretary shall attend to all correspondence, keep all records, and be the disbursing officer of all funds when approved by the president, and his office shall be the headquarters of said board of health.

Sec. 3. The board of health shall meet once every three months, and at such times as may be deemed necessary, for the purpose of examining any person or persons who may apply for a license to practice medicine in the Choctaw Nation; provided such applicants are eligible as hereinafter defined, due notice of the time and place of meeting being given by the secretary of the board.

Sec. 4. Any person desiring to come before the board of health for examination must accompany his application with a certificate of good moral character, signed by three or more reputable citizens of the Choctaw Nation to whom the applicant is known; but no person who has not attained the age of twenty-one years, and has not attended at least one term at some reputable medical college, shall be permitted to take the examination.

Sec. 5. The fee for examination shall be fifteen dollars, which must accompany the application for examination. In no case will the fee be returned, but when an applicant fails to pass a satisfactory examination he may be given a subsequent examination at the expiration of three months, without the payment of an additional fee.

Sec. 6. If an applicant shall pass a satisfactory examination the board of health shall grant said applicant a certificate to practice medicine, surgery and obstetrics in the Choctaw Nation, said certificate to show upon its face the school of medicine with which the holder affiliates, and to bear the seal of the board of health, and be signed by at least two members of the board of health. This certificate shall be registered in the office of the secretary of the Choctaw Nation in a book kept for that purpose, for which a fee of fifty cents shall be charged, after which he or she will be permitted to practice medicine, surgery and obstetrics in the Choctaw Nation without any subsequent expenses herein.

Sec. 7. Any person holding a certificate from the board of health and found guilty of habitual drunkenness, or grossly immoral or unprofessional conduct, shall have the same revoked.

Sec. 8. Any person shall be held to be practicing medicine, surgery or obstetrics, or to be a physician in the meaning of this act, who shall publicly profess to be a physician, surgeon or obstetrician, or assume the duties, or shall make a practice of prescribing and furnishing medicine for the sick, or shall publicly profess to cure or heal; but it shall not be construed to prohibit gratuitous service in the case of emergency, nor shall it apply to surgeons of the United States army or navy, nor to the advertisement and sale of patent or proprietary medicines.

Sec. 9. Any person not a citizen of this Nation who shall practice medicine, surgery or obstetrics in this Nation in violation of this act, shall be expelled from the limits of said Nation as an intruder; any person who is a citizen of this Nation violating this act shall be fined the sum of twenty-five dollars for each offense, and each day that he or she shall practice in violation of this act shall be construed a separate offense.

Sec. 10. Every physician who practices medicine, surgery or obstetrics, or professing or attempting to treat, cure or heal diseases, ailments or injuries by any medicine, appliance or methods; who goes from place to place, or house to house, or by circulars, letters or advertisements, solicits persons to meet him for professional treatment at places other than his office, or at the place of his residence, shall be considered an itinerant physician, and in addition to the certificate elsewhere provided for in this act, such itinerant physician shall procure from the board of health a license as an itinerant physician, for which he shall pay to the treasurer of the Choctaw Nation the sum of one hundred dollars per annum, the same to be used by the Choctaw Nation as any other revenue. This certificate may be revoked as in the case of regular certificates.

Any person not a citizen of this Nation who shall violate this section shall be expelled as an intruder and be subject to all the pains and penalties applicable to such cases should he or she return; any citizen of this Nation violating this section shall, upon conviction, be fined not less than one hundred nor more than three hundred dollars, and confined in jail in said Nation until the fine is paid.

Sec. 11. The board of health shall receive the fees as compensation for its service when acting in the capacity of an examining board, but at such other times when engaged in sanitary work or when engaged in preventing and suppressing disease, and for all other duties besides the duties of an examining board, the compensation shall be fixed by the principal chief of the Choctaw Nation, provided, however, that in addition to the above the secretary of the board of health shall receive a monthly salary of twenty-five dollars, the same to be paid out of the funds of the Choctaw Nation, as in the case of other officers of the Nation.

Sec. 12. It shall be the imperative duty of the board of health of the Choctaw Nation to use all reasonable means and measures looking to the preservation of the public health. It is, therefore, clothed with the authority, and it is hereby made its bounden duty to investigate the cause and spread of disease, and to use every reasonable means for its prevention and suppression. To this end it shall have the power to establish quarantine, fumigate and disinfect infected premises, and remove, destroy, or abate things that are manifestly dangerous to the public health.

Sec. 13. It is further clothed with the authority to administer oaths, take testimony, or summon witnesses when in its judgment the interests of the public health require it; and this authority is delegated to each and every member of the board of health.

Sec. 14. It is further enacted that any and all officers of the peace of the Choctaw Nation shall be required to enforce the orders, regulations and restrictions emanating from the said board of health, and to co-operate and act in conjunction with the board and each member thereof in the discharge of its duties as hereinbefore specified.

Sec. 15. Be it further enacted, That this act shall be in full force and effect from and after its passage, and any and all acts conflicting with this act are hereby repealed.

Approved November 1, 1899.

GREEN M'CURTAIN,
Principal Chief, Choctaw Nation.

Executive Mansion, Washington, D. C.,
April 18, 1900.
William McKinley.

Approved.

This is to certify, that the above and foregoing is a full, true and correct copy of the original act of the Choctaw General Council, passed at its regular session for the year 1899, and approved by the principal chief of said Choctaw Nation, in his official character, and approved by the president of the United States, upon the dates therein set forth, and the said act is now on file in the office of the national secretary of said Nation.

(Seal) In testimony whereof, I, Solomon J. Homer, national secretary of said Nation, have hereunto affixed my official signature and the seal of the Choctaw Nation, this the 30th day of April, 1900.

SOLOMON J. HOMER,
National Secretary.

SYNOPSIS OF THE MEDICAL LAWS OF THE CREEK NATION.

A graduate of a recognized medical college, who can give satisfactory references as to his character, is required to pay a fee of \$5 for having his diploma registered and an annual tribal tax of \$25, which is collected by the United States government. An undergraduate must pass a satisfactory examination before the Creek Medical Examining Board, pay a fee of \$25 and an annual tax of \$25.

INDIANA.

CAPITAL, INDIANAPOLIS.

Population of State, 2,516,462.
(U. S. Census of 1900.)
Number of Physicians, 4,958.

Indiana was organized as a territory July 4, 1808, and admitted as a state December 11, 1816. It extends from 37 degrees 51 minutes to 41 degrees 46 minutes N. latitude, and from 85 degrees 48 minutes to 88 degrees 1 minute W longitude, and is bounded on the north by Michigan and Lake Michigan, on the south by the Ohio river, which separates it from Kentucky; on the east by Ohio, and on the west by Illinois. It comprises an area of 33,809 square miles, or 21,737,760 acres. The surface is generally level, with the exception of the eastern portion, which has an average elevation of from 700 to 900 feet.

The climate is salubrious, and is somewhat milder than is experienced in the same latitudes on the Atlantic coast. The winters are cold, but not of long duration, and the summers are often very hot. The mean annual temperature, as observed at Indianapolis, is 51 degrees, that of the summer 72.64 degrees, and of the winter 28.71 degrees. The average annual rainfall is about 43 inches.

The following table shows the increase in population for 70 years:

1830.....	343,031	1870.....	1,680,637
1840.....	635,866	1880.....	1,978,301
1850.....	988,416	1890.....	2,192,404
1860.....	1,350,428	1900.....	2,516,462

SYNOPSIS OF THE MEDICAL LAW OF INDIANA.

The governor has the appointment of the State Board of Medical Registration and Examination of five members, which must not include any professor or teacher in a medical college, and "each of the four schools or systems of medicine having the largest numerical representation in the state shall have at least one representative on said board."

Examination is required of all applicants for license to practice medicine in Indiana except students matriculating in medical colleges in that state prior to January, 1901, and graduating and making application prior to January 1, 1905. The board is required to make and record from time to time a schedule of the minimum requirements which must be complied with by applicants for examination for license to practice before they shall be entitled to receive such license. The board shall establish and cause to be recorded a schedule of the minimum requirements and rules for the recognition of medical colleges, so as to keep these requirements up to the average standard of medical education in other states. "After the year 1897 no change shall be made in schedules of requirements in any year after the month of January of such year, nor shall any change be made to have any retroactive effect, or that shall effect students theretofore matriculated. Such record shall be at all times open to examination by the public, and the said schedules of requirements, after they have been established and recorded, and all changes made therein, shall be printed in circular form and mailed to all medical colleges in the state, and shall also be furnished to any person upon application. Said board shall not, in the establishment of the aforesaid schedule or requirements, discriminate for or against any school or system of medicine, nor shall it prescribe what system or systems or schools of medicine shall be taught in any of the colleges, universities or other educational institutions of the state. It shall have the power to make and establish all necessary rules and regulations for the reciprocal recognition of certificates issued by other states and to prevent unjust and arbitrary exclusions by other states of graduates of medicine from this state who have filled its requirements."

No certificate shall be issued to any person whomsoever until he shall have satisfied the board that he has graduated at a reputable medical college, maintaining a standard of medical education as prescribed and shall have passed a satisfactory examination as to his qualifications to practice. The applicant shall have the right to designate, in writing, at the time he files his application, the member of the board who shall conduct his first examination in materia medica, therapeutics, theory and practice of medicine, surgery, obstetrics and gynecology.

The board, at its discretion, may authorize the secretary to issue a temporary permit to an applicant for the interim from date of application until the next regular meeting of the board. The state board of medical registration and examination shall have the right to review the evidence upon which a license has been obtained, and if it shall be found that a license has been obtained by fraud or misrepresentation, the board may revoke such license. The board (may) refuse to grant a certificate to any person guilty of felony or gross immorality, or addicted to the use of liquor or drug habit to such a degree as to render him unfit to practice medicine or surgery. If any person holding a license under the provisions of this act shall be guilty of any of the above enumerated acts or shall have procured a certificate or license by fraud or misrepresentation, the board may, after notice and hearing, revoke any license which has heretofore been or may hereafter be issued to him, together with the certificate upon which such license has been or may be issued.

Appeal is provided for. Midwives also have license, and, if without diplomas, must pass a satisfactory examination. The usual exception is made as not discriminately

against different systems and schools of medicine, midwives, United States surgeons, consultants, or physicians whose practice extends from a neighboring state, and medical students under a registered physician for a period of two years.

"Section 8. To open an office for such purpose or to announce to the public in any way a readiness to practice medicine in any county of the state or to prescribe for, or to give surgical assistance to, or to heal, cure or relieve, or to attempt to heal, cure or relieve those suffering from injury or deformity, or disease of mind or body, or to advertise, or to announce to the public in any manner a readiness or ability to heal, cure or relieve those who may be suffering from injury or deformity, or disease of mind or body, shall be to engage in the practice of medicine, within the meaning of this act: Provided that nothing in this act shall be construed to apply or to limit in any manner the manufacture or sale of proprietary medicines. It shall also be regarded as practicing medicine within the meaning of this act if any one shall use in connection with his or her name the words or letters "Dr.," "Doctor," "Professor," "M.D." or "Healer," or any other title, word, letter or designation intending to imply or designate him or her as a practitioner of medicine or surgery in any of its branches: Provided that this act shall not be construed to apply to non-itinerant opticians who are at this time engaged in the practice of optometry in this state nor to professional or other nurses."

The board may grant limited certificates which shall authorize the proper clerk to issue to the holder a license to practice osteopathy only. Such certificates shall be issued on the same terms and conditions as others, except that the applicant therefor shall not be required to pass an examination in materia medica, nor shall the college from which he presents a diploma be required to conform to the standard fixed as to instructions in materia medica, but such college shall so conform in all other branches of instruction. Such license shall not authorize the holder to administer or to prescribe or use on any other than himself any drugs or medicines, and any such administration, prescription or use of any drug or medicine by the person holding such limited license shall be practicing medicine without a license, and such person shall be punished therefor as others are punished for practicing medicine without a license.

Fee for examination \$25, good also for one other examination within the year. Fee for examination of midwives \$10. Certificate must be recorded with county clerk in county of residence. Regular meetings of board at Indianapolis on the second Tuesday of January and July of each year. Special meetings as necessary.—Journal of the American Medical Association.

The postoffice address is shown in DISPLAY TYPE, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 131 to 172) indicates the college of graduation, and the last number the year in which diploma was granted.

Dear Doctor:--What would you prescribe for my case?

The postoffice address is shown in **DISPLAY TYPE**, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 131 to 172) indicates the college of graduation, and the last number the year in which diploma was granted.

PILES

One physician in every county should be instructed in the most successful Rectal treatment in the world. It insures great enlargement of practice through the unlimited gratitude of patients, and the most desirable financial advantages.

"NORWAYS" DR. STERNE'S SANATORIUM FOR NERVOUS DISEASES. No. 1820 E. Tenth St. (Facing Woodruff Park) Indianapolis, Ind.

"NORWAYS"

Is strictly a sanatorium for the care and treatment of the sick. It is not a place or persons in search of amusement. The institution is composed of separate buildings, and is thoroughly equipped in every particular. The grounds are extensive and beautiful. The cuisine is excellent. Every method of treatment of known value is employed by skilled attendants. Patients suffering from all forms of nervous diseases, rheumatism, kidney troubles, the various drug habits are accepted. The earlier stages of tuberculosis and other pulmonary maladies and those in need of the "rest cure" are especially treated. For mental affections an entirely isolated building is used. Such patients never come in contact with other patients.

TERMS. All charges are payable weekly, one week in advance. They range from \$25 to \$50 per week, depending upon necessities of treatment and location of room. Regular sanatorium rates include board, room, nursing, treatment and physician's fees. There are no extra charges, unless a special nurse (\$10 to \$15 per week) is demanded.

The first complete examination is \$10 whether a patient remain in the institution or not.

Out-door patients will be charged according to the treatment employed.

CARMENTS. Patients should wear comfortable clothing. No finery is advocated. Each person should have a bath or lounging robe.

Every patient must adhere to the printed rules and regulations of the sanatorium. These are posted in proper places about the buildings. No exception will be made to them in any case.

N. B. No person should be brought to the institution who is too weak to be safely removed from home. For further information apply to the Director.

IOWA.

CAPITAL, DES MOINES.

Population of State, 2,231,853.

(U. S. Census of 1900.)

Number of Physicians, 4,117.

Iowa was organized as a territory July 3, 1838, admitted as a state March 3, 1845, and readmitted with enlarged boundaries December 28, 1846. The population of the state, according to the U. S. census of 1900, is 2,231,853, as against 1,911,896 in 1890, representing an increase during the decade of 319,957, or 16.7 per cent. The following table shows increase in population since 1840:

1840.....	43,112	1880....	1,624,615
1850.....	192,214	1890....	1,911,896
1860.....	674,913	1900....	2,231,853
1870.....	1,194,020		

The total land surface of Iowa is, approximately, 55,475 square miles, the average number of persons to the square mile at the censuses of 1890 and 1900 being as follows: 1890, 34.5; 1900, 40.2. It extends from 40° 25' to 43° 30' north latitude and from 90° 18' to 96° 53' west longitude, and is bounded on the north by Minnesota, on the south by Missouri, on the east by Wisconsin and Illinois and on the west by Dakota and Nebraska. Iowa forms part of a vast plain and there are no mountains or ranges of hills within the state. The only slopes and

surface diversities are formed by the streams, many of which have cut deep valleys into the general level. The highest portion of the state is the elevated plateau forming the divide between the rivers which empty into the Mississippi river and those which empty into the Missouri river. The lowest point of the state is the southeast extremity at Keokuk, where the Des Moines river empties into the Mississippi. It is 444 feet above sea level. The most elevated section is near Spirit Lake in the northwestern portion, which is 1,694 feet above sea level. The state is particularly well watered, the principal rivers being the Mississippi and Missouri, which form respectively its eastern and western limits, and the Cedar, Iowa, Des Moines, Wapsipinicon and Skunk, affluents of the first-named, and the Big Sioux, Little Sioux, Boyers and Nishnabotna, which empty into the Missouri. There are numbers of beautiful small lakes scattered throughout the state. The climate of Iowa is free from injurious extremes, and the purity and dryness of the atmosphere is a marked characteristic. The mean annual temperature as observed at Des Moines is 48.94 degrees, that of the summer 71.80 degrees and of the winter 25.39 degrees. The average amount of rainfall is about 43 inches.

MEDICAL LAWS OF IOWA.

The following facts are stated for the information of those desiring to practice medicine, surgery or obstetrics in any of their branches in the State of Iowa, and are furnished in lieu of the statute, which is not published in pamphlet form.

The statute relating to the practice of medicine is entitled Chapter 17, Title XII, The Code, and is embraced in sections 2576 to 2583, both inclusive. The following embraces every important feature:

Section 2576 makes the physicians of the State board of health (seven) the board of medical examiners, and the secretary of the former board the secretary of the latter; provides for meetings in May and November, and oftener if deemed necessary; provides for issuing a certificate upon proper application, and prescribes the fee therefor. It prescribes the method of examination, and states that a failure to pass the examination will entitle the candidate to a re-examination without additional fee.

Section 2577 requires that before beginning practice the certificate shall be registered with the county recorder of the county in which the holder thereof resides, and in any other county of the State to which he may remove to practice. The fee for such record is fifty cents.

Section 2578 declares that a certificate may be refused to anyone otherwise qualified who is not of good moral character; and for like cause, or for incompetency, or habitual intoxication, or upon proper evidence that a certificate had been granted upon false or fraudulent statements as to graduation or length of practice, may revoke the same; provides that such revocation can only be made by an affirmative vote of at least five members of the board, and this number shall embrace at least one or more members of the different schools of practice on the board; and further that the standing of a legally chartered medical school can only be questioned by a like vote.

Section 2579 says that anyone shall be regarded as a physician under the meaning of the law who shall publicly profess to be a physician, surgeon or obstetrician, and assume the duties thereof, or who shall make a practice of prescribing or of prescribing and fur-

nishing medicine for the sick, or who shall publicly profess to cure or heal. The following persons are exempt from the provisions of the law: Medical students, who have attended not less than two full courses of lectures in a reputable medical college, who may prescribe under the supervision of a preceptor, or gratuitous services in cases of emergency; surgeons of the U. S. army or navy, or of the U. S. marine hospital service; physicians and midwives who have previously obtained certificates on length of practice without diploma or examination; physicians who, without such certificate, have been in practice in Iowa for five consecutive years, three years in one locality; registered pharmacists filling prescriptions; advertising or selling patent or proprietary medicines or natural mineral waters flowing from wells or springs.

Section 2580 prescribes penalties as follows: For presenting to the Board of Medical Examiners a fraudulent or false diploma, or one of which the holder is not the rightful owner, in order to procure a certificate; or for filing or attempting to file with the county recorder the certificate of another; or for practicing without obtaining and recording the required certificate; or for continuing to practice after the certificate has been revoked (unless embraced in the exceptions of section 2579), the offense is declared a misdemeanor, and the fine not less than three hundred nor more than five hundred dollars and imprisonment in the county jail until such fine is paid. Anyone who shall attempt to file with the county recorder the certificate of another person, with the name of the party to whom it was issued erased and the claimant's name inserted, or shall attempt to file with the board of medical examiners any false affidavit of identification, shall be guilty of forgery.

Section 2581 declares an itinerant physician to be a physician practicing medicine, surgery or obstetrics, or professing or attempting to treat, cure or heal diseases, ailments or injuries by any medicine, appliance or method, who goes from place to place, or from house to house, or by circulars, letters or advertisements asks persons to meet him for such treatment at places other than at his office, at his place of residence, and requires all such, in addition to the ordinary physician's certificate, to procure an itinerant's license from the state board of medical examiners, for which he shall pay to the state treasurer the sum of two hundred and fifty dollars per annum. The penalty for itinerating without such license is the same as for practicing as a physician without a certificate. The board may, for cause, refuse to issue such license, or, having issued it, may revoke it for incompetency or gross immorality. This section does not prevent physicians from attending patients in any part of the state, to whom he may be called in the regular course of business, nor from consulting with other physicians.

Section 2582 provides that after January 1, 1899, no person can begin the practice of medicine in Iowa excepting upon examination; that no person can be admitted to examination except upon graduation from a medical college recognized by the board as of good standing, and that no college can be so recognized by the board that does not require of those graduating after January 1, 1899, attendance upon four full courses of study of not less than twenty-six weeks each, no two of which courses shall have been given in any one year, as a condition of such graduation.

*This section was amended by the 28th G. A. so as to require the Board of Medical Examiners to examine the graduates of Iowa medical colleges who desire certificates at the time of graduation and at the place where the college is located. The fee for examination was reduced from twenty to ten dollars.

OSTEOPATH LAW—CHAPTER 69, LAWS 27th G. A.

Section 1. Any person holding a diploma from a legally incorporated and regularly conducted school of osteopathy of good repute as such, and wherein the course of study comprises a term of at least twenty months, or four terms of five months each, in actual attendance at such school, and shall include instructions in the following branches, to-wit: Anatomy, physiology, chemistry, histology, pathology, gynecology, obstetrics and theory and practice of osteopathy, shall, upon the presentation of such diploma to the state board of medical examiners and satisfying such board that they are the legal holders thereof, be granted by such board a certificate permitting such person to practice osteopathy in the State of Iowa, upon payment to said board of a fee of twenty dollars, which certificate shall be recorded by the county clerk of the county in which the holder desires to practice, for which he shall receive a fee of one dollar.

Sec. 2. The certificate provided for in the foregoing section shall not authorize the holder thereof to prescribe or use drugs in his practice, nor to perform major or operative surgery.

Sec. 3. Any person who for the purpose of securing such certificate shall falsely represent himself or herself to be the legal holder of any such diploma, shall be deemed guilty of a misdemeanor, and on conviction be fined not less than fifty nor more than one hundred dollars.

Sec. 4. Any such certificate may be revoked by the state board of health upon satisfactory proof of fraudulent misrepresentation in securing the same or for any violation of the provisions of the certificate and for any gross immorality by the holder thereof.

Sec. 5. The system, method or science of treating diseases of the human body, commonly known as osteopathy is hereby declared not to be the practice of medicine, surgery or obstetrics within the meaning of section 2579, title 12, chapter 17 of the Code.—

The postoffice address is shown in **DISPLAY TYPE**, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 131 to 172) indicates the college of graduation, and the last number the year in which diploma was granted.

PILES

One physician in every county should be instructed in the most successful Rectal treatment in the world. It insures great enlargement of practice through the unlimited gratitude of patients, and the most desirable financial advantages.

The postoffice address is shown in DISPLAY TYPE, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 131 to 172) indicates the college of graduation, and the last number the year in which diploma was granted.

PILES

One physician in every county should be instructed in the most successful Rectal treatment in the world. It insures great enlargement of practice through the unlimited gratitude of patients, and the most desirable financial advantages.

THE HOOVER BREAST PUMP

Will start the flow in the most obstinate cases. It is especially helpful in cases of tender breasts, as any required amount of suction can be obtained. There are no parts to get out of order, no rubber bulb to wear out or split just when it is needed most. The soft rubber tubing connecting the glass part with the Pump is made of the very best grade of rubber and protected by a spring wire.

KANSAS.

CAPITAL, TOPEKA.

Population of State, 1,470,495.

(U. S. Census of 1900.)

Number of Physicians, 2709.

Kansas was organized as a Territory May 30, 1854, and admitted as a State January 29, 1861. It lies within the meridians of 94 degrees 37 minutes and 102 degrees west longitude, and the parallels 37 degrees and 40 degrees north latitude, and is bounded on the north by Nebraska, on the south by Indian Territory, on the east by the Missouri River and the State of Missouri, and on the west by Colorado. It is the central State of the Union, excluding the remote possessions, being equidistant from the Pacific and the Atlantic Oceans on the west and east, and the British possessions and Mexico on the north and south, and contains an area of 81,318 square miles, or 52,043,520 acres.

The climate is mild and healthful, the mean annual temperature as observed at Lawrence being about 53 degrees—that of the summer 75.82 degrees and of the winter 31.65 degrees. The average annual rainfall is about 31.75 inches.

The following table shows the increase in population for 30 years:

1870.....	373,299	1890.....	1,427,096
1880.....	996,096	1900.....	1,470,495

The total number of deaths during 1900 was 7,732; rate per 1,000, 5.26.

For list of Medical Colleges see page 138.

SYNOPSIS OF MEDICAL LAWS.

The new medical practice Act, passed March 22, 1901, creates a State Board of Medical Registration and Examination. At present only three classes of medical practitioners are eligible for registration in Kansas, viz.: First, those with diplomas from reputable medical colleges; second, those holding certificates from other state or foreign boards of registration whose standard of requirements is equivalent to those of this Board, and which certificates show the applicant to be a graduate (non-graduates cannot register on such certificates); and, third, those who take the examination required by the Board. All persons applying for license to begin practice in the state after March 22, 1901, based on a diploma, must pay a fee of ten dollars and furnish a certificate of good moral character. All persons applying for license to practice based on certificates granted by other State Examining Boards, and all non-residents of Kansas with diplomas, must pay a fee of ten dollars, in advance. All persons applying for authority to practice based on examination by the Board must pay a fee of fifteen dollars, in advance, and furnish certificate of good moral character, whether residents or non-residents of Kansas.

The Kansas State Board of Medical Registration and Examination will not consider in good standing, after April 1, 1902, any medical institution which does not require of all students, as a condition of graduation, an attendance on four full courses of instruction of not less than six months each, no two in the same twelve months.

Osteopaths with lawful qualifications can register on the same terms that medical practitioners can. They must have acceptable diplomas, or pass satisfactory examinations. Osteopaths must show at least four terms of instruction of not less than five months each in two or more separate years, to entitle them to examination. They cannot administer drugs or medicines of any kind, nor perform operations in surgery.

The postoffice address is shown in DISPLAY TYPE, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 131 to 172) indicates the college of graduation, and the last number the year in which diploma was granted.

POLK'S MEDICAL

Kentucky

KENTUCKY,

CAPITAL, FRANKFORT.

Population, 2,147,174.

(U. S. Census of 1900.)

Number of Physicians, 3,507.

Kentucky was settled by Daniel Boone in 1769, organized as a Territory in 1790 and admitted as a State June 1, 1792. The total land surface is approximately 40,000 square miles, the average number of persons to the square mile at the censuses of 1890 and 1900 being as follows: 1890, 46.5; 1900, 53.7. It extends from 36 degrees 30 minutes to 39 degrees 6 minutes north latitude, and from 82 degrees 6 minutes to 89 degrees 44 minutes west longitude, and is bounded on the north by Ohio, Indiana and Illinois, on the west by Missouri, on the south by Tennessee, and on the east by Virginia and West Virginia. It has a river boundary of 813 miles, its northern border being washed by the Ohio, its eastern by the Big Sandy or Chattaroi and its western by the Mississippi; nearly all the other rivers which drain the State are affluents of the Ohio. The climate is mild and marked by no unhealthy extremes, the mean annual temperature being 55° F.; that of the summer 73.96° and of the winter 38°. The average annual rainfall along the Ohio River is about 48 inches, and in the southern extremity, 60 inches.

The following table shows increase in population since 1830:

1830.....	687,917	1870... ..	1,321,011
1840.....	779,828	1880.. ..	1,648,690
1850....	982,405	1890.	1,858,635
1860.....	1,155,684	1900.....	2,147,174

MEDICAL LAWS OF KENTUCKY.

(As Amended in 1898.)

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. It shall be the duty of the County Clerk of each county to purchase a book of suitable size, to be known as the "Medical Register" of the county, and to set apart one full page for the registration of each physician; and when any physician shall die or remove from the county, he shall make a note of the same at the bottom of the page; and said clerk shall, on the first day of January in each year, transmit to the office of the State Board of Health a duly certified list of the physicians of said county registered under this law, together with such other information as is hereinafter required, and perform such other duties as are required by this law; and such clerk shall receive the sum of fifty cents from each physician so registered, which shall be his full compensation for all the duties required under this law.

Section 2. It shall be unlawful for any person to practice medicine, in any of its branches, within the limits of this State, who has not exhibited and registered in the County Clerk's office of the county in which he resides his authority for so practicing medicine as herein prescribed, together with his age, address, place of birth, and the school or system of medicine to which he proposes to belong; and the person so registering shall subscribe and verify by oath, before such Clerk, an affidavit containing such facts, which if wilfully false, shall subject the affiant to conviction and punishment for perjury.

Section 3. Authority to practice medicine under this law shall be a certificate from the State Board of Health, and said Board shall, upon application, issue a certificate to any reputable physician who is practicing, or who desires to begin the practice of medicine in this State, who possesses any of the following qualifications: First—A diploma from a reputable medical college legally chartered under the laws of this State. Second—A diploma from a reputable and legally chartered medical college of some other State or country, indorsed as such by the State Board of Health. Third—Satisfactory evidence from the person claiming the same that such person was reputably and honorably engaged in the practice of medicine in this State prior to February twenty-third, one thousand eight hundred and sixty-four. Fourth—Satisfactory evidence from any person who was reputably and honorably engaged in the practice of medicine in this State prior to February twenty-third, one thousand eight hundred and eighty-four, who has passed a satisfactory practical examination before said Board. Applicants may present their credentials by mail or proxy, and the Board shall issue its certificates to such applicants as are entitled thereto as though the applicant was present. All certificates shall be signed by the President and Secretary, and attested by the seal of the Board, and not more than two dollars shall be charged for any certificate.

Section 4. Nothing in this law shall be construed as to authorize any itinerant doctor to register or to practice medicine in any county in this State.

Section 5. The State Board of Health may refuse to issue the certificate provided for in section three of this article to any individual guilty of grossly unprofessional conduct of a character likely to deceive or defraud the public, and it may, after due notice and hearing, revoke such certificate for like cause. In all cases of refusal or revocation, the applicant may appeal to the Governor, who may affirm or overrule the decision of the Board, and this decision shall be final.

Section 6. Nothing in this law shall be so construed as to discriminate against any peculiar school or system of medicine, or to prohibit women from practicing midwifery, or to prohibit gratuitous services in case of emergency; nor shall this law apply to commissioned surgeons of the United States Army, Navy or Marine Hospital Service, or to legally qualified physicians of another State, called to see a particular case or family, but who does not open an office or appoint any place in this State where he or she may meet patients or receive calls.

Section 7. It shall be the duty of the State and local Board of Health to bring to the attention of the courts any violations of the provisions of this law within their respective jurisdictions.

Section 8. Any person living in this State, or any person coming into this State, who shall practice medicine, or attempt to practice medicine in any of its branches, or who shall treat or attempt to treat any sick or afflicted person by any system or method whatsoever, for reward or compensation, without first complying with the provisions of this law, shall, upon conviction thereof, be fined fifty dollars, and upon each and every subsequent conviction shall be fined one hundred dollars and imprisoned thirty days, or either or both, in the discretion of the court or jury trying the case; and in no case where any provision of this law has been violated shall the person so violating be entitled to receive any compensation for the services rendered. To open an office for such purpose, or to announce to the public in any way a readiness to treat the sick or afflicted shall be deemed to engage in the practice of medicine within the meaning of this Act.

SESSION OF 1902-1903.

THE Sixty-sixth Regular Annual Session will begin on Monday, the 22d day of September, 1902, and continue until the first day of July, 1903.

The session is divided into two terms. The first term will begin September 22d, 1902, and end April 1, 1903; the second term will begin January 1, 1903, and end July 1, 1903. A complete course of instruction in all departments of medicine will be given during each term.

A time credit of one year will be allowed students who enter the school *September 22d, 1902*, and remain continuously until *April 1, 1903*, a period of six months. A time credit of one year will be allowed students who enter the school *January 1, 1903*, and remain continuously until *July 1, 1903*, a period of six months. While attendance during both terms is optional and recommended by the Faculty, such attendance will not entitle the student to a time credit of more than one year. Attendance upon four courses of instruction in four separate calendar years (a period of twelve months intervening between the beginning of one course and the beginning of another) is required of every candidate for graduation by the Association of American Medical Colleges. This requirement will be rigidly enforced by this College. At the close of each term examinations will be made of freshman, sophomore, junior and senior classes, and diplomas conferred upon such seniors as are entitled to receive them.

Instruction practical. Clinical facilities afforded by the University Dispensary, University Hospital, and City Hospital abundant. Extensive Laboratories, well equipped with the latest appliances. Quizzes systematic and regular.

The postoffice address is shown in DISPLAY TYPE, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 131 to 172) indicates the college of graduation, and the last number the year in which diploma was granted.

RECTAL DISEASES.

PILES

One physician in every county should be instructed in the most successful Rectal treatment in the world. It insures great enlargement of practice through the unlimited gratitude of patients, and the most desirable financial advantages.

The postoffice address is shown in DISPLAY TYPE, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 131 to 172) indicates the college of graduation, and the last number the year in which diploma was granted.

Dear Doctor:--What would you prescribe for my case?

The postoffice address is shown in **DISPLAY TYPE**, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 131 to 172) indicates the college of graduation, and the last number the year in which diploma was granted.

PILES

One physician in every county should be instructed in the most successful Rectal treatment in the world. It insures great enlargement of practice through the unlimited gratitude of patients, and the most desirable financial advantages.

LOUISIANA.

CAPITAL, BATON ROUGE.

POPULATION OF STATE, 1,381,625.

(U. S. Census of 1900.)

Number of Physicians, 1,469.

Louisiana, named in honor of Louis XIV., King of France, was admitted as a State April 30, 1812. It is bounded on the north by Arkansas and Mississippi, on the south by the Gulf of Mexico, on the east by Mississippi, and on the west by Texas, and extends from 89 degrees 30 minutes to 94 degrees west longitude, and from 29 degrees to 33 degrees north latitude. It comprises an area of 41,346 square miles, or 26,461,440 acres. The State throughout is a low, alluvial plain,

and the southeastern and eastern counties are swampy, while those in the north-west and west, being somewhat hilly, are better drained. Much of the soil bordering on the Mississippi is below the level of the river during high water, and is protected from inundation by levees of earth similar to the dikes of Holland.

The climate is warm, but the winters are colder and more variable than in the same latitude on the Atlantic coast. The mean annual temperature, as observed at New Orleans, is 69.06 degrees, that of summer, 81.08 degrees, and of winter, 56 degrees. The average annual rainfall is about 51 inches.

The following table shows the increase in population for 70 years:

1830.....	215,739	1870.....	726,915
1840.....	352,411	1880.....	939,946
1850.....	517,762	1890.....	1,118,587

SYNOPSIS OF MEDICAL LAW.

Louisiana requires a diploma from a medical school in good standing as determined by the State Boards (regular and homeopathic, appointed by the Governor on recommendation of State societies) of Medical Examiners and a satisfactory examination. The applicant must also satisfy the board that he or she is over 21 years old, of good moral character, and possesses at least a fair primary education. Certificates must be recorded with county clerk.

"Sec. 13. Be it further enacted, etc. That any person shall be regarded as practicing medicine, in any of its departments, within the meaning of this act, who shall append the letters M. D. or M. B. to his or her name, or repeatedly prescribe or direct, for the use of any person or persons, any drug or medicine or other agency for the treatment, cure or relief of any bodily injury, infirmity or disease. This act shall not apply to farmers and planters when exclusively practicing, without compensation, on their employees and tenants."

Fee for examination \$10, one-half refunded if no certificate is given. For certificate \$1. For temporary permit \$5 credited on examination fee. Midwives must be also examined for license; fee for certificate \$5; plantation and rural midwifery excepted. The usual exemptions are made for army, navy and marine hospital surgeons and consultants from other states. Board meets at least twice a year, generally at New Orleans.—Journal of the American Medical Association.

The climate is healthful, and the winters, although long and severe, are unmarked by injurious variations, while the summers are pleasant. The mean annual temperature at Portland is 43.00 degrees, that of summer 63.73 degrees, and of the winter 21.69 degrees. These figures are the result of observations extending over a period of 37 years. The average annual rainfall is about 44.50 inches.

The following table shows the increase in population for 70 years:

1830.	399,455	1870.	626,915
1840.	501,719	1880.	648,936
1850.	583,169	1890.	661,086
1860.	628,279	1900.	694,466

SYNOPSIS OF MEDICAL LAWS.

The examining board, known as the Board of Registration of Medicine in Maine, was created by an act passed in 1895. The act of 1895 provided for registration on passage of a satisfactory examination, but this was amended March 22, 1901, so that hereafter all who apply for registration as physicians and surgeons must be examined and also have a diploma. The examination covers anatomy, physiology, pathology, materia medica, therapeutics, surgery, principle and practice of medicine, and obstetrics.

It is illegal for any person not duly registered by this board to practice medicine or surgery, or any branch thereof for gain or hire within this state. Whoever not being registered as aforesaid shall so practice or shall advertise or hold himself out to the public as a physician or surgeon in this state who appends to his name the letters "M. D.," or who uses the title of a doctor or physician, meaning thereby a doctor of medicine, shall be punished by a fine of not less than one hundred nor more than five hundred dollars for each offense, or by imprisonment in jail for three months, or both.

Neither shall this act apply to clairvoyants or to persons practicing hypnotism, magnetic healing, mind cure, massage, Christian science, so called, or any other method of healing if no poisonous or dangerous drugs are employed nor surgical operations performed; provided, such persons do not violate any of the provisions of section nine of this act in relation to the use of "M.D.," or the title of doctor or physician.

The following new rules have recently been passed by the board:

Rule 8. All medical schools legally chartered by the states in which they exist, and having the power given them by the state to confer the degree of Doctor of Medicine, and having an unchallenged reputation for honest teaching, and granting of diplomas, only after a proper time of study and an examination in all branches with a rating averaging at least 75 per cent. shall be considered as "reputable schools or colleges," and in good standing.

Rule 9. The minimum grade of preliminary education before admission to the study of medicine which the board will approve is a good English education, evidenced by a knowledge of English orthography and composition, mathematics, including algebra and plane geometry, geography, history, natural philosophy or physics and chemistry, with some laboratory work; and also the ability to read at sight common Latin prose. A college degree, a diploma from some normal school, high school, or academy, or a successful entrance examination to any recognized college will be accepted as evidence of the above. All others must pass an examination.

Rule 10. The standard of medical instruction which the board will approve is three years of medical study and three courses of lectures for those who graduated previous to 1902, and four years' study and four courses of lectures after 1901. Five years of reputable practice before 1901 will be accepted in lieu of one year's study. Colleges or medical schools complying with these rules 9 and 10, will be approved by the board as far as preliminary and medical instruction is concerned.

The board has also adopted this year a rule regulating reciprocity of licensure as authorized by the act. A special circular and form of application is devised giving the conditions, which, with other forms, etc., must be obtained from the secretary. Fee for examination, \$10. Regular meetings of the board are held in March, July and November of each year and such additional meetings at such times and places as it may determine. —Journal of the American Medical Association.

The postoffice address is shown in **DISPLAY TYPE**, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 131 to 172) indicates the college of graduation, and the last number the year in which diploma was granted.

Dear Doctor:--What would you prescribe for my case? See page 14.
